

TOWN COUNCIL LENGTHENS TAX REDUCTION PERIOD

To Take Title to All Tax-Arrear Prop-
erties After November 1st Next;
Increase Town Police Staff

Following is a record of the proceedings of the council of the Town of Wainwright at its regular meeting in the council chamber at 8 o'clock p.m. on Tuesday September 15th.

The members of council present at this meeting were Mayor Middleton and Coun. Huntington, Robinson, Cork, Lissimore and Stafford.

The recorded proceedings of council at its regular meeting of September 1st, 1942 were read and, on motion by Coun. Huntington, were adopted and confirmed as written.

Coun. Alderman wrote, thanking the council for the bouquet of flowers received by him on the order of council, and, on motion by Coun. Cork, his communication was received and ordered filed.

On motion by Coun. Huntington, it was resolved that the sympathy of the members of council be commended to Coun. Alderman, who is lying sick in the Royal Alexandra hospital in Edmonton.

Mrs. Tillie M. Middleton commended the gratitude of her father, brother and herself for their kind thought in the late bereavement of the family, and, on motion by Coun. Cork, her communication was received and ordered filed.

Mr. G. A. McNally wrote council setting forth definite proposals for the settlement of arrears of rental together with an undertaking to pay future current rental and, on motion by Coun. Lissimore, his letter will be handed to the Town Solicitor with instructions that council is willing to accept his offer, provided the writer fulfils his undertaking.

The Western Camps Ltd. wrote, inquiring as to regulations governing the establishing of them of sleeping and eating facilities on the proposed site of the military camp now under construction at Wainwright and, on

L. L. Howes Away Passes Away in City

On September 10th, at the age of 65 years, Mr. Lewis Leonard Howes, one of the old-timers of the Wainwright district died in Edmonton where he has lived with his family for some years.

He leaves to mourn, his wife and two daughters, Mrs. N. Harvey and Lillian, two grandchildren, and three sisters—Mrs. Lucy Kaser, of Waukegan, Iowa, Mrs. Clara McPherson, of Great Falls, Montana, and Mrs. C. Hartley, of New Albion, Iowa.

Funeral services were held on Saturday last in Edmonton. Rev. E. Strang officiated and interment was made in the Edmonton cemetery.

Here is one lad who is always popular on board the ships of Canada's fighting navy; he's the cook and on the high seas hard working sailors

motion by Coun. Lissimore, the secretary was instructed to reply thereto.

Mrs. Lily Patterson made application to council to have her name inserted in the assessment roll for the year 1942 as the assessed owner of Lots 7 and 8 in Block 21, Plan 4445V with a declaration that she is now the owner of this property, and, on motion by Coun. Lissimore, it was resolved that the secretary-treasurer be instructed to enter the name of Mrs. Lily Patterson in the assessment roll as the assessed owner of the said property to replace the name of Mr. C. A. Walton, the former assessed owner of the said property.

Notice of the application of Mr. Cyrus James Abernethy for Old Age Pension, was received from the Old Age Pensions Board and, on motion, by Coun. Huntington, the secretary-treasurer was instructed to reply to this notice, giving any information within his knowledge or obtainable by him in this regard.

The Wainwright School District

Continued on Page Two

Elevators Unable to Handle Tough Grain

The Honorable D. Bruce MacMillan, Minister of Agriculture for Alberta, has issued the following statement with regard to the harvesting and threshing of the Alberta grain crop: Alberta's wheat and coarse grain crop this year has possibilities of producing highest yields in the history of the province. Unfortunately adverse harvest weather, with wind and rain, has prevailed with the result that crops in most sections are two weeks late in ripening with considerable lodging in many fields.

The combining of lodged crops or immature crops, is sure to yield tough or damp grain. Too early threshing will be equally disastrous. Grain which is to be stored must be dry because of limited storage facilities. Tough grain must be moved frequently and this cannot be done in over-crowded elevators or home granaries.

Elevator agents will be compelled to refuse storage for tough grain. Risks are too great. Heating may take place in bins which may not only spoil the grain but which may also cause fire in the elevator. Grain must also thrive when the moisture content of the crop is high. Farm storage of tough grain is subject to the same risks.

Farmers throughout the province should avoid threshing or combining until grain is dry. The crop is water soaked in the field than when stored in a tough condition in a bin.

Beef Prices to Drop Again Shortly

Fourth reduction in the wholesale price of beef which came into effect on September 14, under order of the Wartime Prices and Trade Board will apply to sales of beef across Canada up to November 30, 1942.

Maximum prices for the sale of beef in each zone in Canada have been determined through a survey of the price ranges during the basic period. Consideration is given to all factors affecting the sale and distribution of beef in various sectors of Canada at various seasons of the year.

A week's time is allowed wholesalers and retailers to dispose of former stocks of beef on hand. New supplies on the market will be subject to the new prices, the advantage of which must be passed on to the consumer.

Former Hospital Nurse In Epic Rescue

OTTAWA. — Word that some survivors of a sunken ship have reached the east coast was received here last week from one of the mission's nursing stations, in a message asking help in caring for survivors from a lost ship.

A doctor and a nurse were sent to the scene and found one survivor who reached shore had died and was buried. Others were sleeping on the floor of the station and in fishermen's homes. Those in the most critical condition were taken to a hospital. Two cooks and a baker were among the men who reached shore and they took over the kitchen at the small nursing station, leaving the nurse in charge. Miss Ethel Brown, of Wainwright, Alta., free to attend to the nursing.

Miss Ethel Brown is well known in nursing circles. She graduated from the Royal Alexandra hospital in 1926 and for some years prior to the joining of the Grenfell medical mission, was matron of the Wainwright hospital.

After her graduation here, Miss Brown nursed a year at the Vegreville hospital, a year at the Pouce Coupe hospital, a year at the Onoway hospital and for some years prior to the joining of the Grenfell medical mission, was matron of the Wainwright hospital.

After her graduation here, Miss Brown nursed a year at the Vegreville hospital, a year at the Pouce Coupe hospital, a year at the Onoway hospital and for some years prior to the joining of the Grenfell medical mission, was matron of the Wainwright hospital.

IN MEMORIAM

In loving memory of Rita Symes who passed away Sept. 25th, 1935. This day for us is sacred for it will always be a day of dear remembrance and dearest memory.

Yet not on this day only upon our loss we dwell. She is remembered ever by those who loved her well.

DAD, MOTHER & FAMILY.

Here's one for Ripley! Mrs. R. L. Carey of Heath, tells of her house cat celebrating her 20th birthday by acting "kittenish" for a day or two and then preparing to slip off to Edmonton to live on a homestead.

Many "A" Gas Books to be Withdrawn

OTTAWA. — Munitions Minister Howe says about 225,000 Canadians will have their category "A" gasoline ration books withdrawn after Oct. 1st and replaced with a smaller ration in the new category known as "AA".

The new category will provide 16 units for six months to the owner of a small car, about half the amount available to the holder of category "A" ration book.

The "AA" category will include all those who use a car for personal transportation, and not for business. Also coming with the new category will be those who use their cars chiefly for driving to and from their stores and non-essential factories.

Oil Controller G. R. Cottrill said all category "A" applications now are being examined and letters are being prepared for those who may have to accept the lower category after Oct. 1st.

"No hard and fast rule will be followed, each case will be dealt with on its own merits."

On Oct. 1 the first batch of notices to motorists will be mailed from 13 regional offices across Canada. Each letter will require the recipient to mail or send in his category "A" ration book within a week. If the old book is mailed in, the new book will be returned within about 48 hours. If it is taken into the regional office, the transfer will be made immediately.

Mr. Cottrill said that if a motorist uses up all the coupons in his present book he will not get a new book of any kind. If the owner of a car has less than 16 coupons in his "A" book when he turns it in, the number he is short will be torn from his new category "AA" book before he receives it.

The controller warned motorists not affected by the reduction and not in the commercial category that the gasoline ration books they now have must last them until March 31, 1943.

German City Has Slave Girl Market

There is a slave market for Russian girls in Cologne, Germany. This is revealed in a letter from a girl who was carried off by the Germans, says Red Star.

The letter was brought by scouts of a Soviet unit operating behind the enemy's lines, and was addressed to the girl's mother at Ordzhonikidze, near Bryansk.

The girl says: "We were thrown into cars and travelled for 12 days without bread."

"Oh! how I did not want to go. Uncle advised me not to, but you, Mother, told me that if I refused we should all be killed. I would rather have died."

"After our arrival we were put up for sale, and people bought us as if we were slaves—as many as they liked."

"I work from dawn till night, and have to do everything that my boss demands. Tonya, how good it is that you did not go. I have been sold forever."

"Mother, do not be angry with me. I am writing the real truth. My thoughts to everyone—Olya, Selezka—May 3, 1942."

Red Star comments: This did not happen decades ago in an African jungle or on the banks of the Congo, but on a European river, the Rhine. This is the symbol of the new order.

—London Daily Sketch.

Guests at the home of Mrs. O. R. Hannah last week end were Mr. and Mrs. A. Kay, of Edmonton.

Address to be Printed on Side of Trucks

Name of any truck owner and his city address must be printed or attached to the sides of trucks, in letters one inch high, by Order of the Wartime Prices and Trade Board. After November 1, 1942 their radius of operation must not exceed 35 miles from the registered address. This order is designed to prolong the life of existing trucking equipment, in order to maintain essential delivery services.

Request for a special permit to operate beyond the 35 mile limit must be made to any office of the Wartime Prices and Trade Board before September 30.

Heath Air-man Marries at Ardrossan

At Ardrossan, Alta., on August 29th, in a setting of bright summer flowers a quiet wedding was solemnized by Rev. Dr. Stanley Scott recently when Sheila, Elizabeth, eldest daughter of Mr. and Mrs. R. J. S. Mackay, became the bride of LAC. Walter Gordon Carey, R.C.A.F., eldest son of Mr. R. L. Carey and the late Mr. R. L. Carey of Wainwright.

The bride who was given in marriage by her father, was gowned in an afternoon frock of rose-dawn crepe, with pink chapel veil held in place by tiny roses. She carried a bouquet of pink carnations and fern, and her only ornament was a locket that had belonged to her grandmother.

Miss Kathleen Dowling was bridesmaid, wearing a frock of Elizabeth blue, with wine accessories, she carried a bouquet of pastel-toned gladioli.

The wedding music was played by Miss Beryl Mackay, sister of the bride and Mr. Harold Carey, brother of the bridegroom was best man.

Mrs. Mackay, mother of the bride received in a commodore-blue dress with touches of oriental trimming. Radiant roses, in corsage, were pinned to her ensemble.

Also receiving was Mrs. Carey mother of the bridegroom, who wore a black frock with steel-gray trimming and a shoulder-corsage of crimson carnations.

The bride's table was centered by a three-tiered wedding cake, placed on a cloth of natural lace. Tall pink candles in crystal holders and bouquets of pink sweet peas completed the setting.

After the reception the young couple left on a wedding trip to the Pacific coast. The bride travelled in a grey tailored suit with pink accessories. Upon their return they will reside in Calgary. Guests were present from Wainwright, Clyde, Fort Saskatchewan, Ardrossan and Edmonton.—Con.

British Letters With Polish Stamps

Warsaw Devastation Is Recorded In A Unique Issue

Letters are being received in the Empire from Britain bearing Polish postage stamps. They're the correspondence of Polish soldiers, sailors and airmen stationed in Britain, who, by a special arrangement with the British Government, are sending their mail by Polish ships. As these ships themselves are regarded as Polish territory, letters posted on board may also be franked with Polish stamps.

To mark this novel departure in postal convention the Polish Ministry of Finance has ordered more than a million stamps of the first Polish issue to be printed in Britain.

SHORT BUSINESS SESSION HELD BY SCHOOL DIVISION

Minutes of meeting of the Board of Trustees of the Wainwright School Division No. 32 held at the office of the Secretary, Wainwright, Alberta on the 9th day of September, 1942.

Trustees present - H.E. Spencer, J. C. McLean, T. Sanders, F.E. Dixon, and M. Nicholson, Mr. G.F. Watkin, School Superintendent, was also in attendance.

Moved by Sanders: — That the minutes of August 20th meeting be adopted, as corrected. — Carried.

Moved by Spencer: — That Lewisville School be closed and that the closing of Airlie school be considered. — Carried.

Moved by Spencer: — That the cost of the bin at Arm Lake school be sold to the highest bidder before September 16th, 1942. — Carried.

Moved by Dixon: — That school public liability insurance in the amount of \$5,000.00 for one person and \$10,000.00 for one accident be placed with the Commercial Casualty Insurance Co., on the yearly premium basis. — Carried.

Moved by Spencer: — That the matter of renting the barn at House Lake School be left in the hands of Mr. Dixon. — Carried.

Moved by Sanders: — That teachers' applications be left in the hands of Mr. Watkin. — Carried.

Moved by Spencer: — That we endorse the appointment of Mrs. Whitby as teacher at Rosemarys School.

Moved by Spencer: — That we recommend the following changes in the branch salary schedule to Branch No. 3 N.E. of the A.S.T.A. on November 3rd and in the meantime that these changes be made in the Salary Schedule of the Wainwright School Division adopted by motion No. 18 of the July 16th meeting; viz: — Article 11.— Add the words "At the beginning of" before the words "2nd year." Article 111. — After the words "employed by the Board" and the following clause: "Teachers remaining employment after five years absence shall receive no increment for previous experience." Article V. — Delete the words "and teachers holding laps ed certificates" and add the word "and" between the words "Teacher" and "between the words 'Teacher'".

MAY RATION BEER SUPPLIES

OTTAWA. — Donald Gordon, chairman of the Wartime Prices and Trade Board, in a statement Sunday on the existing "acute" shortage of beer, said the board was considering further action and that consumer rationing and allocation of supplies might be necessary to ensure fair distribution.

"The situation with respect to the supply of beer and other fresh meat in the domestic market may require further action by the board along lines similar to those already announced in the United States," said Mr. Gordon. These would include allocation of supplies and consumer rationing.

and "Temporary". — Carried.

Moved by Spencer: — That the Superintendent's report on tuition be approved. — Carried.

Moved by Dixon: — That we comply with the School Act regarding flags and flagpoles; commencing at the highway. — Carried.

Moved by Nicholson: — That accounts payable, statement No. 11 in the amount of \$3,614.80 be approved for payment and the statement recorded in the minutes. — Carried.

Mr. Spencer gave a report on the activities of the A.S.T.A. A number of resolutions were presented to the meeting, and these were ordered sent to the branch Secretary of the A.S.T.A., noting the Board's concurrence therein.

Moved by Sanders: — That additional list of accounts No. 11A in the amount of \$1,000.00 be approved for payment and the list recorded in the minutes. — Carried.

Moved by McLean: — That the Meeting adjourn. Next Meeting to be held October 9th at 9:30 A.M. — Carried.

Women Needed for R.C.A.F.

Aircrew is urgently needed by the Royal Canadian Air Force, and here is how able-bodied girls and women aged 18 to 41 can help in this situation. Each girl who joins the R.C.A.F. (Women's Division) releases a man to fly or to do heavy work which women cannot do. This is an opportunity worth while in these days when everyone should be doing their bit.

An interesting new category known as Standard (Tradeswomen) has recently been opened for enlistment in the R.C.A.F. (Women's Division) which enables suitable bright recruits (preferably with junior matriculation) without previous experience, to be trained in one of the eight interesting trades included in this category. These trades are as follows: — Administrative; Clerk (General); Clerk (Accounting); Equipment Assistant; Clerk (Operations Room); Meteorological Observer; Driver Transport; Postal Clerk.

A group of Standard (Tradeswomen) are being sent to No. 7 Manning Depot, Rockliffe, Ontario every week. There they receive four weeks' basic training and during this time they are assessed by a Selection Board and placed in the trade they are considered best suited. Trade training of various lengths of time is then given before posting to R.C.A.F. Stations.

Any interested girls or women aged 18 to 41 in good health and with a minimum O Grade VIII schooling are asked to apply in person or write to No. 3 Recruiting Centre, R.C.A.F., Provincial Building, Edmonton. Further particulars will be gladly given or sent with no obligations attached.

Inspecting their brand new equipment as they sail toward a new post as Section Officer: Patricia Griffin of Wainwright (with gas mask), and Assistant Section Officer, Nancy Smith of Calgary, who are in charge of a contingent of R.C.A.F. (Women's Division) girls recently posted to England. The photo was taken on the ship which carried them across the ocean. The girls have undertaken many jobs, releasing male personnel for duty with combat units.

WAINWRIGHT, WEDNESDAY, SEPTEMBER 23rd, 1942

WE ALL MOULD

PUBLIC OPINION

The majority of Canadian citizens are on the march again. With heads erect, eyes front, their ranks are stirring past luxuries and non-essentials, on their way to purchase the new Victory Bonds.

Every man and woman in that parade is performing an extra war service for his country. He is setting a powerful example that will attract other citizens into the ranks of the majority.

In these war days, we can no longer afford to spend any more than is absolutely necessary for good health. Our sailors, soldiers and airmen are crying for every other penny of our earnings to make their striking power more and more potent. Every time any one citizen answers that cry, resolutely turning his back on the temptation to buy something he doesn't really need, his example helps materially to create solid public opinion.

What we about our short-sighted selfish inclinations so that we can buy Victory Bonds, we not only take a direct part in the war, we perform an invaluable service in crystallizing a strong united Canadian voice that shouts:

"Nothing matters but Victory!"

"IF WINTER COMES"

For the fourth time in this war men study the northern skies for the first foreboding of the dark wings of Winter. In the howling of the North we may still feel the heat, but all about the earth in New England, China, in Russia, in Norway, some trees are showing spots of Autumn color, and frost has touched the four-thousand-foot level, and below. In 1939 French soldiers were already feeling the first shivers of night's preying doom, without enough blankets and without enough hope. In 1940 people in British cities prayed for fog and darkness as sailors in peaceful times pray for fair weather. In 1941 all Russians and all enemies of Nazi Germany longed for an early and bitter winter. In 1942—well, this is 1942. We do not know now whether winter is our friend or our antagonist. The struggle sweeps across the hemispheres.

The Bomber Press Visits England

(By Walter R. Legge in Collaboration with C. V. Charters)

(Continued from last week)

For lunch we were taken to the Canadian Officers Club, which is near Canada House and found Mrs. Vincent Massey behind a counter serving the meal.

The programme for Sunday was a full one. Starting out, the two representatives of the weekly press attended early service at St. Martin-in-the-fields. Then after a hurried breakfast, the whole party started off in cars to visit a farm which had won many medals as the best farm in Berkshire. This will be described in more detail in subsequent articles.

After a close study of this farm, we went on to Maidenhead, on the banks of the Thames for luncheon. Windsor Castle was the objective

for the afternoon, and a couple of hours were spent in this historical place.

After the long journey back, some of the party were not too tired to go and listen to the orators in Hyde Park.

Monday was an even more exciting day. Lengthy visits were paid to Canadian Red Cross Headquarters, a Canadian Legion Hotel, the Salvation Army Hostel on Southampton Row, the Y.M.C.A. hotel, on Leicester Court Road, the Knights of Columbus hotel in the same street, the Maple Leaf Club, the Union Jack Club, and the Beaver Club. Then we visited the Daily Telegraph, the Reuters Building, and ended up late at night at the Daily Telegraph.

In each of these places we went up and down stairs and through rooms, not to that most of us welcomed our beds.

On Tuesday, the High Commission or gave luncheon for the members of the party which was a notable affair in that much valuable information was secured. After visits to various places in the afternoon, the day concluded with a visit to the Daily Express.

Wednesday morning was spent at the British Ministry of Information, and at noon we met Major General the Hon. P. J. Montague who is senior officer of the Canadian Military Headquarters.

This conference lasted some time, after which detailed instructions concerning the forthcoming trip were given, and we prepared to really start work the next day.

The summary of our activities will continue in the next article and more detailed accounts of the various phases of our activities will follow later.

AN "IF" FOR THE C.W.A.C.

If you can keep your buttons brightly polished,
And sew your tapes and markers
firm and straight,
If you can make your bed-roll in a jiffy,
And for parades be not a second late;

If you can tell a femoral from an ulna,
And recognize all those conventional signs;
Like windmills, churches, cemeteries and bridges,
And indicate important power lines;

If you can figure out a simple gradient,
And give the answer in a second or less,

If you can recognize friends, "Dick" and "Arthur,"
And not get muddled in a gassy mess;

If you can rise at six with muscles twitching,
And think it no shame to sweat and toil like hell,
And have no aches or pains or fallen arches,
You're on the road to doing fairly well.

If you can eat the meals Macdonald offers,
And not increase your girth or dread spare tire,
And laugh at your mistakes and take your medicine,
And reach the goal to which you would aspire,

If you can be a friend who holds no grudges,
And keep your head when all seems in a whirl,
You'll make your section proud to have you in it,
YOU'RE THE CORPS IS LOOKING FOR MY GIRL!

— Exchange

CONTINUATION OF TOWN COUNCIL

(Continued from page 1)

No. 1668 wrote council requesting payment of the sum of \$1,500 on account of its 1942 requisition to meet its financial requirements for the month of September 1942 and, on motion by Coun. Huntingford, the Finance Committee was authorized to sanction this payment and to include this item in its next financial report to council to be presented at the next regular meeting of council.

The Town of Wainwright wrote requesting the Town of Wainwright to make representations to the Provincial Government in support of a resolution adopted by the council of the

Prevention Week but during the other fifty-one weeks of the year. Your local fire chief can help you. Co-operate with him in removing fire dangers from your home or store and thereby add one more to your efforts to win the war.

Canada's fire waste in 1941 amounted to more than \$28,000,000 in property loss and 323 lives lost. If we are to give of our best in this war against Naziism, Fascism and Japanese Imperialism, we must reduce our fire waste by many millions of dollars. We must realize that every fire is a national calamity, something that eats into our reserves of much needed material or slows down production. Fire is one of the means by which the enemy hopes to defeat us and it doesn't matter whether it is accidental origin or set by a saboteur, the same purpose is accomplished.

Carelessness is the greatest obstacle to date in Canada. We can eliminate that threat to our war effort by being more careful with fire in our daily life. All fires are small in their beginning but they may develop into conflagrations. Our duty is to see that they don't start.

Fire Prevention is really an application of common sense, such as for example, being sure that your cigarette is out before you throw it away, examining your heating appliances for defects before starting up the winter fire, seeing that there is nothing near your stoves that could catch fire in your absence.

There are many other ways in which fires start, but by being careful we can remove the conditions which so often result in tragedy. Let us resolve to be careful not only in fire

former town, urging upon the said Provincial Government the advisability of withholding the proposed sale of the demonstration farm at Vermilion and urging the continuance of the Agricultural School at that point after the termination of the present world conflict; and, on motion by Coun. Stafford the communication was laid on the table.

On motion by Coun. Lismore, it was resolved that the secretary be instructed to write the assessed owners of all improved properties within the Town of Wainwright which have been offered for sale under the Tax Recovery Act and which have not been redeemed and for which the Town of Wainwright has not yet taken title, unless payment of 25% of the present arrears standing against such property is made on or before the 1st day of November, 1942.

The following applications for appointment to the position of assistant Town Constable and general utility work then presented to council, viz: P. E. Patterson, Harley Renville and James Nicol, and, on motion by Coun. Cork, the application of P. E. Patterson was accepted for the position, duties to commence on October 1st 1942.

Mr. E. E. Tory, having assured council in writing that in the erection of any building by him on Lot 5 in Block 15, Plan 6445V, the provisions of the Building By-Law of the Town of Wainwright will be complied with, on motion by Coun. Stafford, council granted its assent to the introduction of a by-law concerning the sale of Lot 10 in Block 36, Plan 6445V to Mr. Tory.

By-Law No. 291 was then introduced and was given its first and second readings on motions by Coun. Lismore and Cork, respectively.

On motion by Coun. Huntingford, the secretary-treasurer was instructed to present the two past-due coupons attached to Dominion of Canada Victory Loan Bonds B-943645 and Series K-4 to the Bank of Montreal for payment and deposit to the credit of the Town of Wainwright and was further instructed to make application to have this bond fully registered in the name of the Town of Wainwright, as from the 15th day of June A.D. 1942.

On motion by Coun. Lismore, the salary of Town Constable Donaldson will be increased by the sum of Ten Dollars (\$10.00) per month as from October 1st, 1942.

Coun. Huntingford gave notice that at the next regular meeting of council he will introduce a motion to be introduced a motion to amend the resolution, setting the rates of discounts to be allowed for prompt payment of certain current taxes in the year 1942, duly adopted by council at its regular meeting of June 3rd, 1942, deleting therefrom all words letters and figures, commencing with

the words, letters and figures, "on or before the 1st day of October, 1942," immediately following the words, "office of the secretary-treasurer," where these words first appear in the said resolution, and to include the words, "and immediately following the words, letters and figures, "on or before the 1st day of November, A. D. 1942."

On motion, council was regularly adjourned.

Carelessness Destroys Overseas Mail

OTTAWA. — Matches enclosed in gifts to soldiers could destroy an entire ship, the Quartermaster General of the Canadian army has warned.

Thirty bags of mail for Canadian soldiers overseas were destroyed by a fire which broke out in a railway car in England.

The fire was caused by "safety" matches which have been included in a parcel to a soldier.

In spite of the fact that it is against postal regulations to send matches in the mail, the cause of the fire has been definitely traced. All ranks of the Canadian Army have been requested to instruct their friends not to enclose matches, lighter fluid or other highly inflammable material in mail to them. The fire which destroyed the thirty mail bags deprived hundreds of men overseas of letters, newspapers and articles of comfort from home.

MD Wainwright No 392

WAINWRIGHT, ALTA.

Notice To Ratepayers

Public notice is hereby given that there has been introduced in the Council of the Municipal District of Wainwright No. 392 a By-Law for the purpose of restraining Domestic Animals from running at large within certain areas of the Municipal District.

A copy of the said By-Law may be seen in each of the following places: at each of the following Post Offices: Chauvin, Ribstone, Edgerton, Hope Valley, Heath, Green-shield, Wainwright, and at the residence of your local Councillor and the Municipal Office at Wainwright.

Your are further notified that unless within thirty days from the publication of this notice at least forty proprietary electors of the portion of the Municipal District concerned by this By-Law petition the Council to submit such By-Law to the vote of the proprietary electors of the said portion of the Municipal District the Council will proceed to pass the same.

Dated this 17th day of September A.D. 1942.

By Order,
H. U. TAYLOR,
Secretary-Treasurer.

FIFTEEN FACTS ABOUT INDIA

India's total area is over 1,567,000 square miles with a population of 388,800,000. One out of every five persons in the world is an Indian.

92,972,000 Indians live in every four of the total population are not British subjects, but live in the Indian States which cover nearly two-fifths of the area of India and are not British territory.

295,827,000 Indians live in the 11 provinces of British India and are British subjects.

Eighty-nine per cent of the population lives an entirely rural life (as compared with 48.8 per cent).

There are only 36 cities with a population of more than 100,000.

Sixty-eight per cent of the population are Hindus, 22 per cent are Moslems; though in four of the 11 provinces of British India the Moslems are in the majority. The remaining 10 per cent, including such important communities as the Sikhs belong to a wide variety of races.

There are about 24 different languages—as many as the main languages of Europe—each spoken by

a million or more persons in India. India has been offered full self government after the war. No reservation was made by the British government as to India remaining a member of the British Commonwealth.

In March, 1942, the British government undertook to accept and implement any constitution framed immediately after the cessation of hostilities by an elected body of Indians, subject only to: The right of any province unwilling to accept the new constitution to retain its present status; and The protection of racial and religious minorities.

Since 1917, British policy has been the development of self-government in India through the increasing assistance of the administration and the gradual development of self-governing institutions.

In 1929, the British government stated that the natural issue of India's constitutional progress was the attainment of Dominion status—a free and equal partnership in the British Empire.

In the Indian Civil Service there were, early in 1942, 632 Indians and 573 British. In the general administrative services there are eight Indians to every one British; in the judicial ranks in the civil medical departments, 14 to one. "Ten out of every 11 judges in India are Indians."

The Central Government of British India deals with defence, railways, foreign affairs, customs, tariffs position in relation to the 11 provinces of British India corresponds to civil rights, and criminal law. Its relations with the Indian States, post and telegraph, income tax, civil law, that of the Federal government of the United States in relation to the separate States.

There are two chambers in the Central legislature, the Council of State of 58 members and the legislative Assembly of 141 members of whom 32 and 102 respectively are elected by their fellow Indians.

The Chief Executive of British India is the Viceroy. The Viceroy's Executive Council contains 11 Indians and four British members.

SEVEN MILLION FOR WHAT

During 1941 owners of motor vehicles in Alberta contributed \$7,113,956 in the form of licenses and taxes to the Provincial Government.

These taxes were originally applied to obtain money for good roads, but a large percentage of same is being diverted to other purposes.

The Alberta Motor Association advocates that surplus revenue collected from motorists during the war should be placed in a trust fund (War Loan Bonds) to be used for road building and maintenance when peace comes.

Every owner of a motor vehicle should support this policy.

EVERYONE USES Star Want Ads.

Throughout this district, every week there are announcements to be made, notices to be posted, merchandise to be sold and jobs to be filled. And there are always people interested in acting upon this information. Put your notices in the Star Want Ad. column—where rates are low and results are high.

FARM MARKET PLACE

If you have produce to sell, put an ad in The Star to that effect. You'll find dozens of people who are anxious to buy what you have to sell.

EMPLOYMENT

Do you need a job? Do you need an employee? Use the clearing house of information. The Star Want Ad. column to make your needs known.

LOST AND FOUND

It isn't necessary to call everyone in the district if you've lost something—for a few cents you can reach everyone through the Want Ads.

LEGAL NOTICES

Don't paste a notice on your door and hope that all will see it. Our low rates enable you to know that everyone will see it if it's in a Classified Ad.

AUTOMOBILES

If you need—or want to sell—a used car, try the Want Ads in The Star.

BARTER AND EXCHANGE

You don't necessarily have to "pay" for what you buy—trade something you don't need for it! Put your offer in the Want Ads and watch the results!

REAL ESTATE

Selling or renting property is a difficult job if you have to depend upon personal contacts! Use the easy, efficient, Want Ads.

ANNOUNCEMENTS

Want to tell the world about something? The Star Want Ad section will carry your message and deliver it promptly.

BUSINESS LISTINGS

Don't dream about that new scheme you had in mind—put it in black and white. The classified ads will help you get it started.

BUSINESS SERVICES

Do you have a service to offer to the business world? Sell your services through a direct, low-cost ad in The Star.

World of Wheat

H. G. L. Strange,
Director, Research Department,
Searle Grain Company, Ltd.

A PRESSING PRAIRIE PROBLEM

The Canadian government asked our prairie farmers to reduce wheat acreage and to increase acreage in all coarse grains; all in order to produce more bacon and other livestock products. All this our prairie farmers did in full measure, but Nature, with unexpected bounty, has given us a high yield on the greatly reduced acreage.

Our government however has only agreed to buy 280 million bushels of this crop, yet our farmers will have to pay out much cash money to harvest, thresh and store all the crop. It seems to me, therefore, that in justice to our prairie farmers our government ought to purchase this year not 280 million bushels of this crop (the government will probably dispose of more than 280 million bushels) but all the crop.

It will, however, be some time before storage space will be available to take all the crop. In the meantime therefore the government might also make a cash advance to our farmers that would cover the costs of harvesting, threshing and storing on the amount of wheat the farmers have to sell over and above the 280 million.

The United States government is

FARM NOTES

BREEDING NEW VARIETIES OF OATS RESISTANT TO LODGING EXPERIMENTAL FARM NEWS

Of all the problems which bring grief to the grain grower, in many sections, lodging is one of the worst. Lodged grain not only increases the cost of handling, but may result in killing out the new seedling of grass and clover. The greater the effort to maintain or increase the fertility of the land, the greater the probability of lodging. The hazard of lodging is also increased by the growing of varieties which produce high yields of straw—the kind many dairy farmers are not looking for.

One of the major projects in oat variety improvement in the Cereal Division has been the production of varieties which excel in straw strength states R.A. Derrick, Cereal Central Experimental Farm, Ottawa. Until comparatively recently, little was known regarding the internal and external characters of the straw of so-called strong and weak-strawed varieties. Investigation by the Cereal Division has shown that certain plant and root characters are directly associated with strength of straw, and such information has been useful in the preliminary evaluation of varieties and hybrid lines.

In all variety improvement work many characteristics must be taken into consideration, such as high yield, good quality, disease resistance and other factors and it is therefore necessary to combine as many of these desirable characteristics as possible in the one variety. In the strength of straw work, an effort has been made to develop a high yielding, early maturing variety, with resistance to leaf and stem rust, and possessing as much resistance to lodging as possible. That definite progress in this field is being made is shown by the results obtained in tests conducted in 1942 on land in a high state of fertility where only those varieties possessing inherent strength of a high order were able to stand up.

CARE OF RASPBERRY BUSHES

In considering the care of raspberries, there are two distinct habits of growth to be kept in mind, namely those which sucker and those which grow from a crown. Most of the raspberries grown in Western Canada are of the suckering type, states F. V. Hutton, Associate Superintendent, Dominion Experimental Station, Morin, Manitoba.

Raspberry plants, as received from a nursery, may vary in length of cane. After planting they should be cut to six inches in length to encourage new growth and discourage fruit production for the first year. They should be planted in rows about 18 inches apart, with the rows spaced 8 to 10 feet to allow for a heavy cultivator or plough. Keep the rows to a width of 12 inches. Narrow rows are also so much easier to pick as the fruit is exposed. Sucker growth between the rows can be controlled by severe cultivation or shallow ploughing.

Soon after the crop is harvested the fruiting canes can be removed and burned. This allows more space for the young canes and removes the breeding place of disease and insects. Thin out the new canes at this time leaving 2 or 3 of the strongest per foot row.

In colder and more exposed areas of the Prairies it is often profitable to protect the canes in winter. This is necessary, if the more tender and usually more superior varieties are grown. The usual practice is to turn down the tips, which are covered with sufficient soil to hold them in place or the whole can be covered with soil or straw, just before freeze-up. Uncovering is done when the soil thaws in the spring.

Black and purple raspberries do not sucker and are grown in hills usually spaced at four or six feet. Removal of old wood and thinning of new is done with reds, leaving 8 to 10 good canes per hill. Reds should not be tip-pruned at any time, blacks and purples benefit from pinching back during the growing season to encourage strong branching canes.

making advances to their farmers of around 1.10 a bushel on the large wheat crop produced this year.

Following factors have tended to decrease supply and increase demand Soviet Russia has lost about one-third of her wheat and rye acreage as the result of war. Newly arrived Spring wheat at Minneapolis terminals has a large percentage of moisture-damaged grain. Grain supplies in Eastern and Central Europe and in Turkey are below requirements.

Following factors have tended to increase supply and decrease demand: The exportable surplus of wheat in Argentina is 170 million bushels compared with 120 million bushels a year ago. Trade reports indicate favorable weather for crops in Australia and Argentina. Crop production this year in Canada, the United States and the United Kingdom created new high records.

Beauty for YOU

The Secrets of Good Looks by Barbara Lynn.

SKIN CARE FOR BLONDES

It is said that everything has its drawbacks, and certainly blondes are no exception to this rule! They rarely suffer from blackheads or greasiness but with their finely textured, sensitive skins, have to overcome dryness—with the menace of wrinkles always hovering overhead!

However, a few minutes skin care morning and night, if carried out regularly, will safeguard the blonde's fresh beauty.

Night-time Routine: Thoroughly cleanse the skin. This is of vital importance. First wash with gentle palmolive soap, which not only cleanses but helps to youthfulize the skin. Next cleanse with penetrating Three-Purpose cream. Remove the cream with a warm damp cloth. Then wring out a pad of cottonwool in cold water (if possible, saturate it with toning lotion), and gently smooth over the skin until no trace of cream remains. Follow this up by massaging the skin with the same cream, using upward and outward movements. This done, remove the surplus with a cold damp cloth, and leave on a thin film of cream over-night.

Morning Routine: Wash off the over-night cream, then carry out the "six minute make-up" method with Three Purpose cream, and powder, rouge and lipstick to match. This simplifies make-up problems, whilst enhancing skin loveliness.

Do remember though, that a blonde must use make-up discreetly, to avoid looking harsh and artificial. Apply colouring sparingly!

Write me for personal beauty advice, enclosing four one-cent stamps for personal reply and copy of my new booklet on Beauty Care. Address Miss Barbara Lynn, Box 75, Station B, Montreal, Que.

SEEDTIME AND HARVEST
Dr. K. W. Naethy
Director, Agricultural Department
North-West Line Elevators Association

Tough Grain
Tough or damp grain is like the fire in that the sooner you can get rid of it, the better. The farmer with tough grain will be in a tough (1) position this year. Due to the congestion in public storage, accommodation for tough grain will be extremely limited or entirely lacking.

The volume of tough grain is likely to be increased this year as a result of the more general use of combines, particularly in the hands of inexperienced operators who may start harvesting before the crop is ready. The following suggestions are reproduced from a statement issued by the Manitoba Department of Agriculture. They have equal significance for Alberta and Saskatchewan farmers.

To Avoid Loss from Tough Grain
Allow grain in stock or straw to become thoroughly dry after a rain or heavy dew before threshing or combining.

Allow standing grain to become fully ripened before straight combining.

Wet crops should be swathed before combining. Straight combining such crops adds to the moisture content of the threshed grain.

Farm Storage Suggestions
Weed seeds and other foreign material should be removed by cleaning before storage.

The larger the bin, the greater risk of spoilage.

Where grain must be stored on earls or concrete floors, a foot of straw covered with building or water-proof paper will assist in preventing spoilage. (Avoid use of tar paper.)

Avoid leaky roofs. Exclude drifting snow.

Where labour permits, grain too moist to be threshed may often be stacked and carried over satisfactorily to thresh at a later date.

There are no practical ways of drying tough grain on the farm.

Further particulars on farm storage of grain may be had by writing to your Provincial Department of Agriculture.

WOMEN'S DIVISION R.C.A.F.

CLERKS

The general conception of a Clerk's duties is somewhat scattered when a member of the Women's Division of the Royal Canadian Air Force enters Initial Training School following her enlistment and basic training at Manning Depot.

One of the most interesting trades in the Air Force, it is, nevertheless, one requiring the greatest amount of general knowledge. Clerks are classified into various groups such as a Clerk General, who must be able to type, possess a knowledge of grammar and composition that will enable her to produce neatly written letters from brief handwritten notes, and have a knowledge of filing and office routine. A Clerk Stenographer must be proficient at both typing and shorthand, capable of taking dictation at the rate of 100 words per minute, be a good clear penwoman and be able to transcribe clear cursive English from rough notes. A Clerk General or Stenographer for the Medical branch must have the same qualifications, but must be also interested in medical work.

Clerk Operations Room must have the equivalent of Senior Matriculation, be of the highest character and integrity as the work is of a secret nature, and be intelligent, alert and accurate. She must not be high strung or nervous, but must be of a type to cope with work intermittently strenuous.

Clerk Accounts must have at least two years high school education, with a certificate of education from a Commercial High School or other recognized Business College, or alternatively have two years business experience with a firm of repute in accounting, including the handling of books of accounting and stock records and preferably a knowledge of typing, filing and office routine.

At Initial Training School Clerks are given instruction on a great many subjects. Hard work, perseverance and rest buckling down to study are necessary. If the Airwoman wishes to pass her course.

Organization and Administration provide the bulk and basis for studies and instruction but by no means does it cover everything as the following outline of subjects dealt with will show:

General Organization and Administration; Orderly Room Organization and Routine; Correspondence General; Daily Routine Orders General; Leaves, discharges, and postings; Forms and stationery; Documentation and Confidential reports; Complaint sheets, remonstrances, reclassification, appointments and promotions; Assessment of Qualifications; Definitions

VANCOUVER

Because long distant travel has been somewhat restricted, many people are planning to visit Vancouver this year. Hotel Grosvenor is very popular—its rooms are in demand, because they are quiet, yet very central. And the rates are low, commencing at \$2.00. You are asked to make your reservations early. Don't be disappointed by taking a chance on trying to get a room when you arrive. You will like the Grosvenor—it's so cheerful and homelike—and it has no bar!

and letter writing; King's Regulations (A.R.); Manual or Air Force Law Custody and Remands; Charge and Charge Sheets; Guard and Minor Offense Reports; Court Martial; Summaries of Evidence; Preparation and application; Punishments; Powers of Commanding Officer and Subordinate Commanders; Sickness, Accident and Courts of Inquiry; Central Registry Filing System, and Circulation System; Financial Regulations and Instructions and Civilian Personnel.

The Clerks hold trusted positions in the Air Force, and the knowledge and experience gained during their service is of immeasurable value to them for rehabilitation after the war. In Service Life they are under the same discipline and orders as the rest of the station. They are sometimes looked on with envy, considered to have a more or less " cushy " job, but it is far from the case. Their work is never finished, there are no opportunities for loafing on the job as the very nature of their work keeps them under constant surveillance by superiors.

In general, the work of a clerk in the Air Force is interesting, informative and provides excellent opportunities for rapid advancement to those who have the will and determination to succeed.

News of Your Army

(This fortnightly column about the Canadian Army is written exclusively for the Weekly Star of Canada.)

By Charles Bruce M. Pearce
Public Relations Officer, M.D.I.

You don't become an officer in the Canadian Army simply by being granted a commission and donning a smart new uniform. Right Public Relations Officers, including the writer, from military districts across Canada, found that out recently when they were numbered in a class of 30-day candidates at the Officer's Training Centre, Gordon Head, B.C. It was an experience that we will not soon forget, giving us an insight into the many phases of training that go to fit an officer for the grueling struggle that lies ahead.

We had the opportunity to rub shoulders with the boys who had just arrived back from England after two years overseas, lads of the first and second Canadian divisions who had earned the right to qualify for commissions from the ranks. Marching side by side were boys from office factory, farm and university, from Ottawa, Toronto, Winnipeg, Regina, Edmonton and intervening points.

French-Canadian lads from Montreal and Quebec, young men from the Reserve Army units and some who had had little army experience but who were qualifying for the Pay Corps, Army Service Corps, or Ordnance. Every officer of the Canadian Army today, must take a three-month qualifying course at an Officer's Training Centre. Those in the Dental Corps and Public Relations take a 30-day course.

For many of us the first week or two was a rather trying experience. We took considerable punishment. Six-mile route marches in full battle order and a half hour of strenuous bayonet practice do not come easily to the novice, fresh from a sedentary occupation. When you go at a steady pace from dawn to dusk, you are dog tired when "lights out" is sounded, probably long before. Once the kinks are out of the muscles and you become accustomed to the daily routine, however, camp life assumes a new attractiveness.

Gordon Head is the Officers' Training Centre for Western Canada, but many potential officers are coming here from the east to relieve the congestion at the sister training centre in Brockville. Incidentally both centres are undergoing a big expansion program to take care of the constant increasing influx of officer candidates. Located in a picturesque setting not far from Victoria, Gordon Head has been in operation since the spring of 1941 and has already graduated hundreds of virile, intensively trained young men for posts of leadership and responsibility in the Canadian Army.

During our four weeks at Gordon Head, the sun shone almost unrelentingly and the nights were delightfully cool. Training was carried out under ideal conditions. Having had the opportunity of visiting a majority of training centres and Army

Schools in Eastern Canada, we are free to say that we have not seen a more orderly and efficiently-conducted camp than Gordon Head. Discipline is strict and not a waking moment is wasted. The candidates are thoroughly imbued with the seriousness of the task which they are undertaking and with their responsibility to show an example to the men whom they will command. Certainly Lieut. Colonel A.D. Wilson D.S.O., V.D., and his staff deserve the highest praise for making Gordon Head a model military training center.

Training at Gordon Head is divided into three parts, based on the regulation three months' training given to all candidates. It is an intensive course that takes all the mental and physical concentration that the candidate can summon.

Two types of candidates go to the camp at Gordon Head. One comprises those who have already been commissioned and now seek qualification; the remainder are officer candidates selected from the ranks by their commanding officers as prospective officer material. All are on a par during their stay at Gordon Head, and the candidate form this camp must be able to do everything that he will ask his men to do and to do it just a little better.

We venture the opinion that our army is absolutely safe in their hands. They are a far cry from the regimented goose-stepping officers of the Nazi army. They are free, determined young Canadians who have sacrificed the comforts and promise of their civilian careers, and have volunteered to fight for the freedom of their country. We would not choose to be on the opposing side when the zero hour comes and these Canadian officers from Gordon Head go into action.

LOWER GAS RATION

ORDER IS EXPECTED

Pending federal move to lower the gasoline ration for those who use their cars for pleasure only, which may be announced shortly, is being watched with interest by officials of the Alberta Motor Association.

A recent Ottawa report said that the federal plan is to issue a new ration book for pleasure drivers who will be in category "AA" and they will receive less gasoline than those in category "A", which is the lowest category at present.

There has been no statement as to the amount of the allowance in category "AA" as officials have said it will take some time to set it up. However it has been stated that an early announcement may be anticipated.

Under the system in operation at present the "A" category ration books provide for 60 coupons. The value of these coupons is five gallons each in Alberta and the other provinces and four gallons in British Columbia.

The A.M.A. has emphasized for some time the need of motorists to take all possible means to conserve gas and tires under present wartime conditions. Also it has been suggested that the "share-the-car" plan should be adopted, which would help further in conserving fuel and rubber tires.

TRAVELLERS LIKE FRUIT

Toronto, August — Grapefruit, oranges and apples are favorite fruits with travellers patronizing dining cars of the Canadian National Railway, and in that order. However, lemons totalling 125,000 required during a year headed the list. Lemons are used extensively to garnish and flavor steak and fish dishes and appear generously in pies.

Advisors of Western whistles. A fine old Canadian Rye — actually distilled — perfectly aged — rich and mellow in flavor. Made from selected Western grains.

Hints for the Householder

SCHOOL LUNCH BOX SUGGESTIONS

We hear much about nutrition these days and how essential it is for our daily menus to fill our nutritive needs. And it is equally important for mothers to see that the contents of their children's lunch boxes are also nutritious.

Since sandwiches form a main part of the school lunch, their preparation is most important.

Wholemeals should be used for sandwiches. Graham, whole wheat oatmeal, brown, raisin, and nut bread are excellent. Cold bran or whole wheat muffins or filled rolls are also tempting.

Fillings of the sandwiches require special preparation. Cheese, meat, eggs, nuts, dried fruits or vegetables may be put through the food chopper.

Cream cheese, peanut butter and other compact substances should be thinned with cream. Ground meats, eggs and vegetables should be moistened with a small amount of salad dressing or cream and vinegar. Succulent vegetables should be provided if possible. Finely chopped celery, lettuce, water cress or sliced tomato may be used alone or with cottage cheese.

Jellies, jams and preserves make sweet sandwiches or a tiny jar of the fruited sweet may be tucked into the lunch box.

And please don't forget to include thermos containers of milk, and some kind of fresh fruit, such as an apple, pear, orange, banana, etc.

Care should be taken in the packing of the lunch. All foods not in tin containers should be wrapped separately in waxed paper before being placed in the box. The neatly-wrapped articles should be placed, so far as possible, in the order in which the food will be eaten, so that those found first may be eaten first without disturbing the remainder.

The heaviest foods, however, should be placed at the bottom.

Select a lunch box that can be kept clean. Lunch boxes should be washed, scalded and aired daily. Those made of light weight metal are best. Many attractive boxes are now made with a vacuum bottle which fits the box. These are highly desirable. A lunch box should not be left in a car, as a circulation of air prevents the mingling of odors.

Paper napkins and cups are essential lunch box accessories.

Cheese Sauce
4 tablespoons butter
4 tablespoons flour
3 cups milk
1 teaspoon salt
Dash of pepper
Dash of paprika
½ pound American cheese, cut small pieces

Melt butter in saucepan. Add flour and stir to a smooth paste. Add milk gradually, stirring constantly, and continue stirring and cooking until thickened. Season with salt, pepper and paprika. Add cheese and stir until cheese is melted.

Jelly Roll
Don't be afraid to tackle a jelly roll. It isn't hard to make. You need a special flat pan, but you can buy one for only a few cents. When the cake is done, turn it out on a cloth covered with powdered sugar (if you have some), cut the crusts off with a sharp knife, spread quickly with the jelly, and roll it in the cloth.

SPICY BREW

6 cups double-strength decaffeinated coffee
cracked ice
½ cup whipping cream, whipped
¼ teaspoon cinnamon
¼ teaspoon nutmeg
Pour hot coffee over ice in a glass. Top with a spoonful of whipped cream into which the spices have been folded.

OLD FASHIONED JELLY ROLL

½ cup sifted cake flour
¼ teaspoon double-acting baking powder
¼ teaspoon salt
4 eggs
¼ cup sifted sugar
1 cup jelly (any flavor)
Sift flour once and measure. Combine baking powder and salt and eggs in bowl. Place over smaller bowl of hot water and beat with rotary egg beater, adding sugar gradually until mixture becomes thick and light colored. Remove bowl from hot water. Fold in flour and vanilla. Turn into pan 15x10 inches, lined with greased paper, and bake in hot oven (400 F.) 15 minutes. Quickly cut off crisp edges of cake. Turn from pan at once onto cloth covered with sugar. Remove paper. Spread with jelly and roll. Wrap in cloth and cool on rack.

SUGARLESS BUT NOT SWEETLESS CAKE

Sugarless — but OH so good! You'll like all of them. And they don't use up one grain of your precious sugar! Chocolate Covered Sugarless Cake
21 cups sifted cake flour
2½ teaspoons double-acting baking powder
¼ teaspoon salt
½ cup butter or other shortening
2 teaspoons grated orange rind
1 cup light corn syrup
2 eggs, unbeaten
½ cup milk
¾ cup vanilla
Sift flour once, measure, add baking powder and salt, and sift together three times. Cream shortening with orange rind; add syrup gradually beating well after each addition. Add ½ of flour and beat until smooth and well blended. Add eggs, one at a time.

well blended. Add eggs, one at a time.

beat well after each addition. Add ½ of flour and beat until smooth and well blended. Add eggs, one at a time.

beat well after each addition. Add ½ of flour and beat until smooth and well blended. Add eggs, one at a time.

beat well after each addition. Add ½ of flour and beat until smooth and well blended. Add eggs, one at a time.

beat well after each addition. Add ½ of flour and beat until smooth and well blended. Add eggs, one at a time.

beating well after each. Add remaining flour in thirds, alternatively beat milk in halves, beating very well after each addition. For best results, beat cake very well at each stage of mixing. Add vanilla. Bake in two greased 8-inch layer pans in moderate oven (375 F.) 30 minutes or until done. Cover with Chocolate Chip Frosting.

SMALL RAIL SHIPMENTS TOTAL BIG TONNAGE

Montreal, August — Small shipments of freight form a big total in the daily tonnage handled over the lines of the Canadian National Railway, a considerable proportion being made up of machines and material required in war munitions plants. Known to railwaymen as "L.C.L." freight, such shipments over the Canadian lines of the National Railways during the first six months of 1942 accounted for 237,658 carloads, an increase of three percent over L.C.L. freight carried during the similar period of 1941. Some shipments are substantial in size, such as engine weighing a thousand pounds and tool making machines, a single piece of which scales heavily.

BRINGING EUROPE BACK TO LIFE

Today almost the whole of continental Europe is subject to a blockade which will not be lifted till the Nazi power in Germany has been completely broken. This blockade is not only, or even mainly, directed to the denial of foodstuffs to the enemy. Europe is not, even in normal times, wholly self-sufficient in food and, since production in war-time is more incalculable than in peace, there remains the probability of grave — if only local — shortages arising at or before the end of the war.

The blockaded area now includes the whole of Europe with the exception of Switzerland and the Iberian peninsula. Spain is in a precarious food position. The Scandinavian countries and Holland have become potential candidates for relief instead of sources of supplies. Greece, Norway and Belgium, three countries which in peace-time are importers of foodstuffs and in the last war received at least minimum supplies from overseas, are now entirely dependent on German-controlled economy.

Garbutt Business College
CALGARY — ALBERTA

HEATH

Mr. Jim Ford started off the hunting season right by bagging a goose. Congratulations to Mr. and Mrs. Orrin Davis on the birth of a son.

Little Marion Gruekel celebrated her fifth birthday on Saturday with a party.

Mrs. M. Herbert entertained at a buffet supper on Sunday for relatives and friends, the occasion being her birthday.

Mrs. Clinton Davis and Alice Smith are leaving for Edmonton this week where Alice intends to join the armed forces.

Buddy Bartlett of Edmonton who has been visiting with his grandparents at Arm Lake has now gone on to Arland to visit with relatives.

Mr. and Mrs. Mel Dixon motored to the city on a business trip over the week-end. Mrs. Mansfield and Edith Turnbull were also passengers with them.

Mr. and Mrs. John Smith and family of Vermilion spent the week-end visiting with relatives here. Tommy Smith came up with them from Derwent and expects to stay for a couple of weeks.

A reader has hit upon a new way for subscribers to keep track of the expiration of their subscriptions to The Star. He suggests that they subscribe on their birthdays and make it a point to come in each birthday and renew. He adds the persuasion that by so doing they would insure living one year more, as no man was ever known to die with his subscription paid-up, so this method would be bound to beat any old-time insurance.

EDGERTON

Mr. A. Guy is a visitor in town from Edmonton.

Lawrence Ecklund and family are back from their vacation.

Archdeacon Tuckberry was a brief visitor in town last week.

Mr. and Mrs. Darby sr., of Edmonton are visiting at the Les, Darby home.

Bob Leggett and family from Wainwright were visitors in town last Sunday.

Dorothy Mahoney has left her employment at the Creamery and gone to the city.

News was received here of the birth of a son, in Edmonton, to Harvey and Mrs. (Jean) Spornitz.

The Victory Wheel draw at the picture show gave No. 2, Goff Miles a \$5.00 War Savings Certificate.

A few of the local sportsmen have been out this week but the weather has not been very good and the hunting not so good either.

The ladies of the United church W.A. put on a good Old Supper Saturday in their church. This was well patronized and enjoyed.

The Ladies of St. Mary's W.A. have again been busy, this time in re-decorating the church basement. By the way, don't forget they are putting on a Bean Supper in this basement on Saturday, Sept. 26th and will be serving lunches through the evening.

The following is a list of the Boys from whom we have received letters and cards expressing pleasure at receiving cigarettes from the Comfort Fund: Sapper D. Zettler; Pte. Grant Raymond; Signr. Gene Trimmer; LAC Worthy Darling; Gunner S. R. Davis; Pte. R. Miller; L/Bomb. J. McCormick; Pte. M. A. Nichol; Corp. Gordon Raymond; Sgt. Cliff Challen; Pte. M. G. Raymond; Gunner E. Trefak and Sgt. Fred McBride.

Color for 1943

Plates Announced

Alberta's plates for the 1943 motor vehicle license year which opens April 1 next will be black on orange, according to official information received by the Alberta Motor Association.

Next year, for the first time, cars will carry one license plate instead of two, authority for this step having been given in an amendment to the Motor Vehicle act, passed at the last session of the legislature.

The 1943 plate will contain a slot so that if there is a shortage of material the following year a small type plate of about 2 1/2 inches square can be attached to the old license.

Some time ago the possibility of a shortage of material for the number plates was anticipated by the provincial authorities and orders were placed early for the 1943 plates.

As a result, the 1943 plates have been on hand for some time, according to departmental officials.

Other provinces have taken steps to adopt the single license system, owing to wartime conditions.

British Columbia adopted the single license plan last year. In Manitoba the license plates for 1943 will be about 2 1/2 inches square and will be attached to the old license.

SAVE YOUR SCRAP RUBBER

While the flames they had helped to ignite were still consuming vast areas of the German city of Saarbrücken, a Royal Canadian Air Force bomber crew landed at Ottawa recently, little less than 28 hours later they had dropped their bomb load on that nerve centre of Nazi industry.

"It was flaming like a ruddy circus" was one of the lads' reports on his last glimpse of Saarbrücken. These youngsters have completed more than a score of operations over enemy territory, dropping thousands of pounds of bombs. They have participated in the 1000-bomber attack on Cologne

and every important raid before Saarbrücken. Oranges, scarce overseas, were a welcome sight to the lads. Pictured above is Prime Minister King presenting a bowl of oranges to Sergeant Don Morrison, of Sherbrooke, 20 year old wireless-air-gunner.

AMONG THE OLD TIMERS

REMINISCENCES OF OTHER DAYS

FIFTEEN YEARS AGO

Mrs. Dr. Carmichael, Worthy Grand Matron of the O.E.S. paid her official visit to the local chapter Monday last and while here was the guest of Mrs. J. Alderman.

Miss Vera Stuart is preparing to leave this week to commence her Varsity studies in Edmonton.

Mrs. J. Callas who has been paying a visit to her old home in England for the past three months has now returned home.

Among the latest sales from the Brunker Service Station are: Mr. E. Turner, Chrysler coach; Mr. F. Horn, Chrysler coupe; Mr. F. Strahan a big Reo truck.

Mrs. Bert Laird has now returned with her son Washburn from a visit to friends at Nokomis, Sask.

Get your Threshers Lien Books at the Star Office.

THERE IS NO NECESSITY TO HOARD IN CANADA! **HOARDING HELPS HITLER!**

Several of the sportsmen were destroyed by fire in an English van started by "Safety" matches in a parcel sent to a soldier. Upper photo (1) shows cans of food which were spilled, and below (2) are packages of various gifts, cigarettes, soap, canned goods, clothing and reading matter which will reach the men to whom they were sent.

Sheepskin Flats

GREENSHIELDS

LAC Lou Carl was home on a short furlough during the week.

Mr. and Mrs. J. Stenson and family motored to Lloydminster over the week end.

Several of the sportsmen have been trying out their shooting ducks with varied success.

Mrs. Kaiser of Waukon, Iowa, U.S.A. is a guest of her son, Mr. Harold Merrick and Mrs. Merrick.

LAC Alec Hutchison and Mrs. Hut chison motored down from the city on Sunday to visit with relatives and friends for a couple of days.

RED CROSS NOTES

We gratefully acknowledge the following donations:

Wain. War Service League 1 quilt. Gerald Victory Club 2.50 (Earmarks for Hong Kong Prisoners' Boxes)

The following letter was received by Mr. F. Watts of Wainwright from her nephew who is a Prisoner of war at Hong Kong. The letter reads in part as follows:

Hong Kong June 24th, 1942.

This letter will, I hope, set your minds at rest. I am perfectly well and at present have lost no weight.

We keep ourselves amused by playing games, and I have learned to play cribbage (which I have just learned) and other card pastimes.

I expect to be allowed to write you once each month, so you will get news from time to time.

Tell all that I am well and safe; and remember—Do not worry. Lots of Love — Bill.

Lieut. R. W. A. Granville, Royal Rifles of Quebec, Prisoners of War Camp, Hong Kong.

NEWS & VIEWS OF TOWN AND DISTRICT

BORN—To Mr. and Mrs. O. Davis, of Edgerton, at the Wainwright municipal hospital on September 17th a boy.

BORN—To Mr. and Mrs. A. Taylor of Fabry, at the Wainwright municipal hospital on September 16th a girl.

BORN—To Mr. and Mrs. F. Ford, of Wainwright, at the Wainwright municipal hospital on September 21st, a boy.

Mevin Freed is here with his parents to spend a short leave from his R.C.A.F. duties in the East.

The miserable weather of the past week has slowed down harvesting operations to some extent, and will likely cause a further set-back in thrashing through the district.

Last Saturday saw the sixth carload of scrap metal shipped from Wainwright, and this is coming in now for the seventh shipment shortly.

Get your Thrashers Lien Books at the Star Office.

McLeod's ambulance had a Sunday call, when Miss Sybil Merrick suffered an accident which probably broke her hip when she was knocked down by cattle.

Monday last was the first day of autumn, and the days are quickly drawing shorter for sunlight.

Sergt. J. McClennon, R.C.A.F., is home on furlough with his parents here.

Arrangements are being made by the local Odd Fellows and Rebekahs to hold a big celebration on Monday October 19th next to mark the clearing off of the debt on their temple here and to burn the mortgage. A banquet and other program items will be the attraction.

Mrs. H. C. Wallace was a passenger to Edmonton on Monday's train.

Mr. Harley Richardson is here from Leland, Alta., on a short visit to his mother in town.

Mrs. Geo. Reynolds is paying a visit to friends in the city.

Another sign of the approaching winter is the number of "honkers" flying south these days.

Bert McKee, whom many will remember as one of the first G.T.P. conductors to live in Wainwright, died last week end in Edmonton after 33 years at his job with the G.T. and C.N. railroads.

Alex. Hutchison, looking real good in his khaki uniform, has been spending a short leave with relatives here over the week end.

A test is being made this week of the volume of water obtainable from the new well which has been drilled by Ray Dial at the airport site.

Work continues at the new C.N. engine sheds, and the structure is rapidly taking shape now. We learn that a few more weeks will see it completed.

Mr. W. Washburn motored to the city on Monday and returned accompanied by Mrs. Washburn who has been spending a few days with friends there.

Having enjoyed her annual vacation, Miss H. Toimie is now back at her desk in the Bank of Montreal.

Mrs. Alec Adams and daughter Audrey had a trip to the city on Monday last.

Saturday last saw Mr. and Mrs. Dupre return to their home in Edmonton after a visit to relatives here for the past couple of weeks.

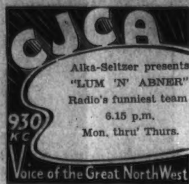

Jam For Britain

EVERY HOUSEWIFE (and all members of the W.I.) is asked to give the price of one or two tins of jam.

To save freight and handling charges, the money is being collected and sent through the Red Cross to Quebec, where the jam will be made and shipped direct to England as a gift from Alberta. Tell your friends—and this means everyone!

Please leave donations with Mrs. Carsell, Mrs. Hannah or Mrs. W. Brunner as soon as possible.

Help send jam to the children of Britain.

Alta-delta presents
"LIME 'N' ANNER"

6.15 p.m.
Mon. thru Thurs.

Mrs. H. Schlitt, Mrs. W. Washburn and Messrs J. Mackenzie, A. Adams and L. Smith form the local committee for the drive for the Salvation Army home front fund.

ACI Bill Coleman who was here at the week end to visit his parents was accompanied by a couple of airman visitors in the persons of LAC E. Robertson and LAC R. Fulham, both of the R.N.Z.A.F.

Mrs. Lucy Kesser, of Wainwright, Iowa, who has been visiting her son Harold Merrick at Greenfield, returned to her home on Monday night's train after a stay of a couple of weeks here.

Our town puts on a truly "cittied" air on Saturday nights these days. Parking space is at a premium, and the stores are crowded with shoppers till a very late hour.

Mrs. W. Miller is away to Geraldton, Ont., on a visit to her married daughter there.

Mr. and Mrs. R. Stafford and baby arrived last week end from Lusk, where he will fill a position at the Gold Standard refinery in town.

Cannon Tackaberry, of Edmonton, was down from the city on Sunday last in charge of the services at St. Thomas' church.

Const. J. Gray, R.C.M.P., arrives this week following his transfer here from the Edmonton detachment to assist Corpl. F. Miller.

The first Sunday in October has been set aside as a World's Communion Sunday in all churches throughout the Dominion.

***There is an old proverbial saying that "The sole is half the soul." This is implicitly true, for who does not feel his natural self when well-shod with shoes that are repaired by skilled craftsmen with fine-grade leather essential for long service and comfort? For that added essentially take your shoes to the O.K. Shoe Repair, Main Street. The price, too, will be found pleasing.

Following his recent illness in Edmonton, Rev. A. D. Richard has now returned home, and although not looking "at his best" yet, is again in charge of his pastorate.

Miss Ida Berg, who has been on the hospital nursing staff for some considerable time, left last week to commence her duties in a special pediatrics course at the General hospital in Edmonton.

The Most Reverend J. H. MacDonald, Archbishop of Edmonton, will administer the sacrament of confirmation at Blessed Sacrament (R.C.) church at 11 a.m. on Sunday next immediately following the mass. A large class of candidates from both town and country are attending classes for this.

The officials who attend to correct weights and measures and also check gas pumps were in town on Tuesday.

Roy Reynolds left last week end to commence variety studies in Edmonton.

The "Miss Canada" girls are still busy each Saturday with their War Stamp sales, and we understand they are still making good at it, too!

Mr. and Mrs. Fred Watts have received an interesting letter from their nephew, Lee-Corpl. Grenville, who is a prisoner of war in Hong Kong. A portion of this appears in another column.

Mrs. A. Mills and her baby son, of Evansburg, spent a few days in town last week with her parents Mr. and Mrs. G. Reynolds.

Messrs Wallace Rattray, Gregor McCluskey and Cliff Reynolds were all visiting their relatives here over the week end. They returned to their R.C.A.F. duties at Edmonton on Monday morning.

Miss Elsie McCluskey is enjoying a holiday from her duties in the municipal office for a vacation with her relatives at Chauvin.

Mrs. E. Peterson was a business visitor to the city last week end.

We understand that Miss C. Ranks who has been on the teaching staff of the public school for very many years, has resigned from that position.

Mrs. W. Loudfoot is here from the city on a visit to Mrs. J. Telford.

This week saw the hotel receiving a freshening up with a coat of paint on the exterior.

We are glad to learn that Miss Fern Leggett has now fully recovered from her recent sickness and operation.

Mrs. Frank Fish left last Thursday with her household effects to take up residence with her husband in Edmonton.

Following his recent illness in Edmonton, Rev. A. D. Richard has now returned home, and although not looking "at his best" yet, is again in charge of his pastorate.

Miss Ida Berg, who has been on the hospital nursing staff for some considerable time, left last week to commence her duties in a special pediatrics course at the General hospital in Edmonton.

The Most Reverend J. H. MacDonald, Archbishop of Edmonton, will administer the sacrament of confirmation at Blessed Sacrament (R.C.) church at 11 a.m. on Sunday next immediately following the mass. A large class of candidates from both town and country are attending classes for this.
